

## Update on Support Staff and Teacher/Occasional Teacher Central Table Bargaining

Today OSSTF/FEESO reached tentative agreements with the Crown and the school boards associations at both the education worker and the teacher/occasional teacher central bargaining tables.

In order for member ratification of these agreements to move forward, the agreements must have the endorsement, or agreement to forward for ratification without endorsement, of local presidents and chief negotiators. Meetings of local leaders will be convened via teleconference. A date for those meetings will be announced as soon as details can be finalized.

Members will receive a summary of the tentative agreement soon after the meeting of local leaders.

Membership meetings, via teleconference and webinar, will be scheduled in all Districts in the coming weeks. The details of the agreements will be outlined at those meetings, and the ratification process will be outlined. Specifics regarding participation in these information meetings will be forwarded as soon as possible.

Ratification votes will take place in May. Details will follow when available. Note that these votes will be conducted using the voting function that resides in the Members Only area of the OSSTF/FEESO provincial website. **Every member who wishes to participate in a ratification vote must be a registered user of the Federation website.** If you are not yet registered, we urge you to do so as soon as possible. Instructions on how to register, as well as video tutorials on navigating the website, can be found on the website's Member Login page (<https://www.osstf.on.ca/en-CA/protectedspace>).
